

## Mac To Head All U.S. West Pacific Forces

**Includes Navy In Time Of Emergency**

Washington, Feb. 13.—(AP)—The military high command made clear today that General Douglas MacArthur will control operations of all U. S. forces in the Western Pacific, including the fleet—in case of war.

MacArthur, 70-year-old commander of this country's Far East military headquarters in Tokyo, has also been given peacetime control over operations of U. S. naval vessels in Japanese waters. Outside those waters, which were not publicly defined at once, Western Pacific naval operations will continue in peacetime under Admiral Arthur W. Radford's Pacific fleet headquarters.

This "readjustment" in the command setup to "reaffirm and clarify" the relationship between MacArthur's Far East command and naval forces in that part of the world was disclosed at a news conference of the joint chiefs of staff, who returned last Friday from a 10-day trip to the Far East.

Admiral Forrest P. Sherman, chief of naval operations, told a questioner at the same conference that he believes the Pacific fleet is so equipped and deployed that it could cope with any Russian submarine attack.

He confirmed that the Russians have about 270 submarines, not counting their midget subs, and said that a little more than one fourth of them are in the Far East, as they have been for a number of years.

"It is our plan," Sherman said, "to keep the Pacific fleet as strong as we can within the total forces we have. As you know, we have made minor adjustments in that direction."

**Morale In Pacific Good**  
The chief of naval operations reported also that he had found morale in the Pacific fleet "surprisingly good, gratifyingly good." This finding contrasted sharply with the situation described in a letter handed secretly to reporters by Captain John G. Crommette last fall. The letter, for a House committee resumed investigating of navy charges that the air force's long range B-36 bomber was being overemphasized in defense policies.

In that letter Vice Admiral Gerald P. Bogan, commander of the First Task fleet in the Pacific, complained that navy morale had fallen "almost to despondency" because of a widespread belief that the country was being "sold a false bill of goods."

Bogan's letter had been endorsed by Admiral Radford and Admiral Louis Denfeld, then chief of naval operations. After publication of the letter and its endorsements, Denfeld and Bogan were offered less important posts in the navy and retired from the service.

**Proposes Billion Domestic Marshall Plan For Schools**

Pekin, Ill., Feb. 13.—(AP)—Mark A. Paterman of Springfield, democratic candidate for state school superintendent, tonight proposed a \$1,000,000,000 a year "domestic Marshall plan for federal aid to education."

In a radio talk opening his campaign, he said under his proposal 25 per cent of local property taxes for public school support could be abated. Tax abatements in Chicago would total about \$25,000,000 annually, he said.

Paterman, a Springfield high school teacher, is running in the primary against C. Hobart Enloe, the democratic organization state choice.

Paterman said the current federal budget provides \$300,000,000 for education aid. He suggested diverting \$700,000,000 from Marshall foreign aid funds to pay the remainder of his proposed school assistance bill.

The plan would be allocated among the states on the basis of present school spending, he said, with a commission in each state parceling it out to local school units for the purpose of abating property taxes.

## President Gets His New Gold-Plated Car

Washington, Feb. 13.—(AP)—President Truman's new car arrived today, with its gold-plated cigarette lighter and built-in umbrella rack.

An official of the Ford Motor company called this—the first of ten which will be delivered to the White House—the most expensive Lincoln ever built.

Mr. Truman isn't buying the cars. They're being built as part of a prestige promotion by Ford and then rented to the White House.

Valentine Tallberg, a Ford administrative engineer, was the official who said it was the most expensive Lincoln of all time. But he said that even he didn't know how expensive it was.

"We've been too busy to figure up the cost," he told reporters. "But it isn't hard to see that the black limousine cost a pretty penny. All the hardware in the backseat is gold-plated. The cigarette lighter, the door handles, the door sills, the interior job over which Mr. T. can talk to whoever is in the front seat."

And that umbrella rack. All the chauffeur has to do is open the front door, and pull out the umbrella, all ready for the presidential rain.

But there are other costs which are less obvious. The car has been lengthened so that it has a 145 inch wheelbase. It also has running boards for the secret service men, and these running boards have red lights on them—not a bad safety measure, since the car is 89 inches wide from ear to ear.

The custom building, which was done both at Dearborn, Mich., and at Preppert, Ill., by the Heene Co., also called for considerable strengthening, to support the added length.

Tallberg said the car weighs 6,400 pounds as compared with 4,400 pounds for the normal Lincoln. The top also has been raised, and then covered with leather to make it more racy looking.

The higher top is in deference to the high top hats government officials have to wear.

**SWEDISH PARLIAMENT BUILDING BLASTED**  
Stockholm, Sweden, Tuesday, Feb. 14.—(AP)—An explosion occurred early today in the Finnish parliament building in Helsinki, blowing out all windows in the principal meeting hall, according to reports received here.

Police surrounded the building immediately. The blast occurred on the eve of the meeting of the Finnish electoral college in the parliament building to elect a president.

**Albert Einstein's New Theory Will Be Published Soon**  
Princeton, N.J., Feb. 13.—(AP)—Professor Albert Einstein's new unified field theory—the unity of gravitation and electro-magnetism—will be published here within a few days.

The theory is mathematics of a daring sort, which seeks to link gravitation and electromagnetism. The latter is electricity and magnetism, which are two parts of an apparently single force.

If this linking succeeds, the discovery to come from it may be as surprising as those from his two earlier theories—special relativity in 1905 and general relativity in 1915.

For example, special relativity revealed that energy and mass are equivalent. That is the basis for today's bombs, and for the hopes of atomic power.

## Cautions America Against Arms Agreement With Russia

Washington, Feb. 13.—(AP)—Will Clayton, former undersecretary of state cautioned today against an arms agreement with Russia at this time and said the western powers could never fully trust the Soviet.

Clayton told senators that any arms pact between this country and Russia would be "unfortunate because it would only lull the United States into a false sense of security."

Declaring that a third World War is inevitable unless the U.S. makes a complete, radical change in its policy, Clayton said the solution is for this country to take the lead in forming a union of the Atlantic powers.

"Such a union would be so powerful and prosperous that the pull on all non-Communist countries and on the Russian satellite countries themselves would be so much greater from the west than from the east that such countries would in time gravitate to the west," Clayton told a Senate foreign relations subcommittee.

**Chicago Is Hit By Worst Ice Storm In Many Seasons**  
By the Associated Press  
One of Chicago's worst ice storms swept across the city on strong winds Monday. Snow and freezing rains snarled traffic and communications throughout the northern third of Illinois.

Ice and sleet silenced communications lines to Monmouth, Kewanee and Streator.

Illinois Bell Telephone Company officials said storm damage in the Galesburg area might equal the \$2,000,000 damage suffered in a storm in February last year. Thirty-eight communities in the area were without phone service. Seventy-one telephone poles toppled.

In Chicago, at least 2,500 trees in the park district alone suffered damage from their burdens of ice.

Roy O. Walker, park landscape construction engineer, said branches from trees were "snapping like toothpicks."

Winds from 20 to 25 miles an hour and several inches of snow were forecast for the city Monday night.

The hazardous weather made Chicago area motorists more cautious, cutting down the accident rate to about one-fourth of normal.

**Newspapers Join In Crusade Against Organized Crime**  
Chicago, Feb. 13.—(AP)—Fourteen newspapers today pooled efforts to spotlight the shadowy working of organized crime.

In fourteen cities across the nation, they began telling the story of the rackets developed from comparison of notes by their crime reporters at a three-day meeting here last week.

The crime stories were published on the eve of a federal-local crime conference of law enforcement agents in Washington. The Washington conference is to follow the annual closed-door meeting of federal district attorneys there.

The newspapers cooperating are the Cleveland Plain Dealer, The Daily Oklahoman, The Denver Post, The Detroit Free Press, The Miami Herald, The Minneapolis Tribune, The New Orleans Times-Picayune, The New York Herald Tribune, The Omaha World Herald, The Providence Journal-Bulletin, The San Francisco Chronicle, The St. Louis Post-Dispatch and the Chicago Daily News.

**Distribution Of GI Insurance Is 30 Percent Ended**  
Washington, Feb. 13.—(AP)—Distribution of the \$2,800,000,000 GI life insurance refund money is 30 per cent finished, four weeks and a day after mail distribution began Jan. 16.

Treasury officials said a tally after today's run showed 4,742,967 checks for a total of \$642,813,707.45—an average of over \$137 each—have been put in the mails.

Payments generally are being made on the basis of the last three digits of each veteran's serial number, with the lowest numbers coming first so that 000 preceded 001, and so on.

## Miners Scorn Lewis, U.S. Work Command

**No Contract, No Work' Still Stands**

Washington, Feb. 13.—(AP)—Senator Lyndon B. Johnson (D-Tex.) today demanded an immediate review of the nation's guided missiles program because, he said, Russia is far ahead in developing these weapons for push-button warfare.

Declaring that the United States is lagging at least two years behind the Soviets, Johnson told a news conference:

"If guided missile warfare should begin within the next two or three years, 'we—at our present rate—would be very feeble participants. 'For a push-button war, we have neither the push nor the button.'"

The Texas senator, a member of the Senate armed services committee, said the United States may be ahead in developing A-bombs and the projected new hydrogen bomb but he commented:

"I'm afraid we are behind Russia in the ability to deliver our explosives in battle."

"Publicity about some of our rocket research has created a largely false impression that we have weapons which would be used in defense of this country. As of now, we have none."

The senator said the whole program of rocket research should be reviewed at once either by the secretary of defense or if necessary by Congress.

He said the bulk of the military establishment's multi-billion-dollar defense spending at this time, five years after World War II, is "still going for weapons originally designed to help us win that war."

"We must not tie our future security to our past successes," Johnson said.

**Asks 'Abuses' End In GI Schooling**  
Washington, Feb. 13.—(AP)—President Truman today handed congress a catalog of abuses under this year's \$2,754,000,000 GI education program and urged the legislators to clamp down.

Pointing to skyrocketing numbers of veterans attending trade and vocational schools, Mrs. Truman asked new legislation to prevent inferior training.

**Wants Good Schools**  
With an estimated 850,000 veterans taking such courses—and 5,635 private trade and vocational schools for them set up in five and a half years—Mr. Truman told congress he was concerned lest the GI education plan "be blemished by the belated growth of certain kinds" of such training which wouldn't be much help to the veteran.

The President submitted a report of the Veterans Administration and the budget bureau which estimated that more than 900,000 GIs would be taking the trade courses by 1951 and that the national budget for the next fiscal year probably must be increased to handle it if the trend swings higher.

The report said that \$761,000,000 already had been added to the estimated cost of the GI schooling program for the present fiscal year ending June 30 because of unforeseen increases in the enrollment for trade, vocational and other schools below college level.

**Needs Careful Checking**  
On Capitol Hill, Rep. Taber of New York, top ranking Republican on the House Appropriations committee, recently said that hearings had indicated the whole training program needs a careful checking.

He declined to make an estimate of how much might be saved from the \$2,754,000,000 outlay but he hinted at a billion dollars.

**No Contract, No Work' Still Stands**

Pittsburgh, Feb. 13.—(AP)—Striking soft coal miners scorned go-to-work commands of Uncle Sam and John L. Lewis today but operators agreed to go ahead with new peace talks.

The "no contract, no work" walkout continued in full force despite President Truman's Taft-Hartley court injunction.

About 372,000 rebellious miners stayed idle in nearly a score of states.

The Western Pennsylvania Coal Operators Association wired the justice department its members had their mines open and ready for normal production "in full compliance" with court orders but the miners failed to show. They said the pits will stay ready for production.

**U. S. Marks Time**  
The federal government marked time on enforcement of court orders to end the strike, adopting a "wait-and-see" attitude, at least for the moment.

The steel industry scheduled new layoffs due to coal shortages, and the state of Virginia acted to give the governor power to seize and operate its mines.

Pickets roughed up a West Virginia independent coal operator who tried to operate his mine. And more than 1,700 motorized pickets roamed Pennsylvania highways.

Otherwise the strike battle was pretty quiet.

Lewis telegraphed week-end orders to United Mine Workers district leaders instructing them to get strikers back in the pits "forthwith."

He acted after a federal court ordered the strike ended and collective bargaining revived "in good faith."

**Lewis Complies With Invitation**  
Lewis promptly complied with an invitation to operators to start new contract talks Wednesday.

The Southern Coal Producers Association agreed today to meet with the union at 10 a.m. (Central Standard Time) Wednesday. Then northern and western operators followed suit a few hours later.

A spokesman for the operators said new contract talks will be conducted in a "different atmosphere" since federal court has forbidden Lewis to use four key demands in further maneuvering to get a contract.

A Washington federal judge ruled the demands unfair labor practices. The demands included Lewis' insistence on an "able and willing" clause to determine when his men work, and the right to special holidays or memorial time off.

**New Tax Program Denounced As Plan To 'Soak Savers'**  
Washington, Feb. 13.—(AP)—President Truman's new tax program was denounced before a congressional committee today as a plan "to soak the savers" for the benefit of the spenders.

Spokesmen for the life insurance industry asked congress to put aside the administration proposal for taxing insurance companies. Instead they proposed that congress pass a "stop-gap" bill that would take about \$50,000,000 in taxes this year from the companies' investment income.

Charles Adams, president of the Ohio State Life Insurance Co., Columbus, Ohio, told the House Ways and Means committee:

"On February 3 the secretary of the treasury recommended to the Ways and Means committee the reduction of excise taxes on a number of items, including furs, jewelry, luggage and toilet preparations."

"It was then proposed that a large portion of the revenue thus lost should be made up by lifting the burden of taxation from milk costs diamond bracelets, steamer trunks and French perfume to life insurance policyholders and their beneficiaries."

**YOUNG LINCOLN**  
Syracuse, N. Y., Feb. 13.—(AP)—Mr. and Mrs. Lester Lincoln feel sure that future schoolmates will nickname their son "Abe."

The baby, Charles, was born yesterday—Abraham Lincoln's birthday. He was named for a grandfather.

**WEATHER**  
The Norbury Sanatorium, cooperative center for the U.S. Weather Bureau, yesterday reported the temperature for Monday as follows: High, 39; low, 25; and at 6 p.m., 27. Sunset today 5:37; sunrise Wednesday 6:32. Forecast for Illinois—Cloudy and colder today. High 23 to 26.

## Ceremony Unites Virginia Rigney, Clarence Crouse

Miss Virginia Rigney, daughter of Mr. and Mrs. John W. Rigney of Garlin, Ky., former residents of this city, became the bride of Clarence Crouse, Jr., son of Mr. and Mrs. Clarence Crouse, Sr., 141 East Independence avenue, in a ceremony performed Friday afternoon, February 10, at 3 o'clock in the parsonage of Central Christian church. Rev. Leslie C. Houston, pastor of the church, officiated at the double ring service.

Miss Richie Lyons and Byron Hills, both of this city, attended the couple. The bride wore a navy blue suit with blue and white accessories, complemented by a corsage of red roses. She carried a white Bible, the gift of the bridegroom. Spring flowers covered the Bible and were entwined in white streamers hanging from it. Miss Lyons wore a powder blue suit with harmonizing accessories and a corsage of white roses.

Following the ceremony a wedding supper was served to members of the wedding party and the immediate families at the home of the bridegroom's parents. A tiered wedding cake was cut by the couple. Mrs. Crouse attended local schools and was graduated from Jacksonville High school. She is employed at Montgomery Ward and Co. in this city.

Mr. Crouse was graduated from Jacksonville High school with the class of 1948 and attended Brown's Business college. He is now associated in business with his father.

The couple will reside at 413 North Prairie street.

## Alvin H. Groves, Spanish-American War Veteran, Dies

Alvin H. Groves, a veteran of the Spanish-American war, died Sunday at 6 a. m. at the Soldier's and Sailors Home in Quincy.

A native of Morgan county, Mr. Groves was born east of Lynnvill on Oct. 11, 1878. He was the son of James and Mary Ann Ranson Groves.

The last of his family, he was preceded in death by three brothers, John A. W. B. and James A. Groves and two sisters, Sarah E. Groves and Annie G. Atkins.

Mr. Groves was a graduate of Jacksonville High school and attended business college in this city. He spent many years on the West Coast, where he was district manager for the Underwood and Royal Typewriter Co., covering a territory of seven states. For the past ten years he had resided in Quincy.

Rites will be conducted at the Williamson Funeral Home by Dr. Frank Marston at 2 p. m. Tuesday. Interment will be in Liberty cemetery, with military services by the American Legion.

### SOCIAL SECURITY AND YOU

Q. My friends tell me that if I retire and apply for my social security benefits I can never work again. What about this?

A. Your friends have misinformed you. The law provides that you are not restricted from working in any way whatever. Beneficiaries who choose to accept employment that is covered by the law simply notify us when they have earned more than \$14.99 in their first month of work. No payments are sent to them after that until they notify our office that they are again not working for more than \$14.99 in covered employment.

Q. I have worked under social security all of the time except for three years when I was in the army. I have been told that I have received credit on my social security account for my service. Is this true?

A. No, it is not true. No provision has been made in the Social Security Act for crediting wages to the accounts of servicemen or women. The law was amended in 1946 to provide for social security benefits for the survivors of honorably discharged veterans who die within three years after discharge. However, no credit can be made to the account of a living veteran because of service and no consideration can be given to such service if death occurs later than three years after discharge.

Q. I have drawn my social security benefits since I retired three years ago. I took a job that I thought was not covered by social security and worked at it for two months. I have since been notified that my benefits must be suspended for two months because of this work and that they will be suspended for one additional month as a penalty for not reporting my work. I don't think that this is fair and I don't like it.

A. The Social Security Act contains a provision that failure to report promptly may require the suspension of benefits for the purpose of recovering the benefits paid and also for the purpose of effecting a penalty. If you do not believe that your case received sufficient consideration, you may request that it be reconsidered or that you have a hearing before a referee. Your social security office will be glad to advise you as to how to go about this.

(NOTE: A representative from the Springfield Social Security Office is in Jacksonville every Thursday morning from 10 to 12. He is located at the Employment Office on East Morgan street.)

Mrs. Guy Bender, residing three and one-half miles southwest of Alexander, identified her farm home as it appeared in an aerial photograph published on the Lucky Farmer Photo Quiz page in Thursday's Courier and Friday's Journal.

As a reward for her keen observation Mrs. Bender or members of her family will be presented with an enlarged photograph of the farm and \$50 in gift certificates. The presentation will take place Saturday night, Feb. 18, at the Illinois Theater.

"The picture was very easy to identify," said Miss Elizabeth Bender, who called at the Journal and Courier office to report the identification of the aerial photograph. "We knew mother's farm the minute we saw the picture."

The home farm of Mrs. Bender consists of 160 acres. Her husband, the late Guy Bender, farmed there for some years.

The Lucky Farmer Photo Quiz is a feature sponsored by the Journal and Courier in cooperation with 50 Jacksonville merchants.

M. C. Thompson of near Arcadia was the first farmer to identify a picture of his home. He was presented with \$50 in gift certificates last Saturday night at the theater.

The third photograph in the series will appear in the Jacksonville newspapers this week. The occupant of the premises can become a Lucky Farmer by identifying it as the place of residence.

## Many Visitors at Grand Opening of Drexel Sport Shop

The grand opening of the Drexel Sport Shop on West State street attracted large crowds all day Saturday, 115 visitors registering. Many others were in the Drexel only briefly and did not register.

Free coffee and doughnuts were served to all visitors to the Drexel, where a complete line of fishing, hunting, camping and athletic equipment has been added in a new department. Balloons were given to children who visited the establishment with their parents.

Harold E. Hills proprietor, was assisted by James Wood, Jr., assistant in the sporting goods department, in showing the visitors around. A representative of the Winchester Arms company, J. H. McPherson, was in the department all day where he demonstrated equipment.

Several valuable gifts of sporting goods equipment were awarded during the grand opening. A Scott-Atwater outboard motor was awarded to C. Henske; a Phantom glass casting rod to Lawrence Crawford, Jr.; and a Langley reel to W. Ransdell.

Mr. Hills announced that a supply of 1950 fishing licenses has been received at the Drexel Sport Shop.

## Zone Survey Covers 3,100 Acres In City

The City of Jacksonville contains slightly more than 3,100 acres, about 30 per cent of which is vacant land, largely found in the southwest corner and along the northern boundary of the city.

Single-family residences occupy almost as much land as is vacant—29.8 per cent. Streets and alleys constitute the third largest use of land, 15 per cent, and the various public institutions the fourth largest, 12 per cent.

These four major classifications of land use account for 87.6 per cent of the area of the city, according to figures compiled by Harland Bartholomew & Associates, and submitted to the Jacksonville Zoning Commission in a land use and zoning report.

The city planners, who were engaged to formulate plans for a new zoning ordinance, stated that the other land uses, which present the most difficult problems in zoning, occupy very small parts of the city areas. All business and industry, for example, occupy only 3.8 per cent.

The land use survey report continues:

**Ahead in Development**  
"Comparison of Jacksonville with the average in 17 cities of similar size indicates that the city is much more developed than usual, having a smaller than average percentage of vacant land and that the percentage used for single-family homes and public and semi-public use is much larger than the average city."

"Some 872 acres are used for urban purposes outside the city limits making the total area in urban use 3,024 acres. The percentages of the total development area in the city and in the urban area used for the different uses give a more significant comparison with the average of other cities, since the vacant land is excluded from these figures."

"A large part of the development area of Jacksonville is used for single-family homes than in the average city. The percentages for two-family homes are quite similar to the average although the percentages used for multiple dwellings is somewhat larger. The percentage in business use is somewhat smaller, and the percentage of industrial use much smaller than the average community. The percentage used for public and semi-public purposes is much larger and the percentage used for streets and alleys smaller than the average city."

**5,258 Homes or Apartments**  
"The land use survey disclosed the existence of 5,258 living units in the urban area. Some 4,688 of these were found within the city limits."

Jacksonville is predominantly a city of single-family homes. Seventy per cent of the living units found in the survey were single-family residences—15 per cent were in duplexes and 15 per cent were in multiple dwellings.

"On the whole the city has unusually spacious and satisfactory development of single-family dwellings. Almost half of the single-family homes are on lots having an area 10,000 square feet or more. Eighty per cent are on lots having more than 6,000 square feet in area. Much of this is caused by the unusually deep blocks."

"For the most part the smaller lots are found in the areas adjacent to the central business district."

**Average Lots Numerous**  
Slightly more than half of the 359 two-family dwellings have been built on lots containing more than 10,000 square feet. Almost 70 per cent provide a lot area per family of 3,000 square feet or more. This is quite a high standard.

"The majority of these represent conversions of large old single-family homes. Two-family homes seem to be a relatively popular type of land use in Jacksonville, occupying 4.2 per cent of the total development area. While there has been some tendency for two-family homes to concentrate adjacent to the business district, they form a very scattered pattern and are usually found one, two or three to a block in the older residential sections."

"At the time of the land use survey there were 238 multiple dwelling units in the city, 110 of which were rooming houses or fraternity and sorority houses. The 128 multiple dwellings provided a total of 474 living units—a relatively low average of 3.7 living units per structure. All types of multiple residences occupied only 6.3 acres—three per cent of the total developed area. Here again the vast majority of the multiple dwellings consisted of converted large old single-family homes."

"Examination of the lot area per family map made for these uses and the table (both appearing in the report book) indicates quite a spacious multiple dwelling development. Almost 57 per cent were on lots providing more than 3,000 square feet per family, and almost 80 per cent provided an access of 1,500 square feet per family. The scattered location of these uses is accounted for by the location of the institutions in the city and by the presence of large old homes adaptable for conversion to such uses."

## Miss Joan Wolfe, Jack Patterson Married Sunday

Miss Joan Wolfe, daughter of Mr. and Mrs. Frank O. Wolfe, 315 South Church street, and Jack Patterson, son of Mr. and Mrs. Cecil Patterson, 1723 South East street, were united in marriage at the Christian church parsonage Sunday afternoon at 3 o'clock.

The couple's attendants were Miss Frances Wolfe, sister of the bride and Robert Patterson, brother of the bridegroom.

The bride was attired in a suit of pale green, with which she wore black accessories and an orchid corsage. Her attendant wore a gray suit, with red accessories and a corsage of gardenias.

Both the bride and bridegroom are graduates of Jacksonville High school. Mr. Patterson served a year in the navy and is now employed as a bricklayer by Earl Boucher.

Upon returning from their wedding trip through the South, the couple will reside at 325 South Church street.

## Snead Wins Texas Open Second Time In Three Years

BY HAROLD V. RATLIFF

San Antonio, Tex., Feb. 13.—P. Golf's winter tour rolled on to Harlingen, Tex., and the Rio Grande Valley open today minus its No. 1 attraction—Slamming Sammy Snead, winner of the \$10,000 Texas open and leader in all departments of the game for the year.

Snead accumulated 265 strokes for 72 holes and grabbed the Texas open here yesterday for the second time in three years. He also moved far in the lead in money earned in the five tournaments played thus far on the PGA tour.

The star from White Sulphur Springs, W. Va., left the tour for a couple of weeks, departing today for Meridian, Miss., where he will play some exhibitions and rest up. He will miss the \$10,000 Rio Grande Valley open and the \$10,000 Houston open, rejoining the tour at St. Petersburg, Fla., for the open tournament there March 3-6.

Sam shot an eight-under-par 63 in yesterday's Texas open final round to beat out Jimmie Demaret of Ojai, Calif., by a stroke. He caught both Demaret and Fred Haas, Jr., the New Orleans star, in the stretch. Haas, leader at the three-quarter mark with 189, shot a 68 and wound up third, a stroke back of Demaret who laid down a 65. The last two rounds, 64 and 65, were the best of the season. Snead's record for the year is 126—a new PGA record for the final 36 holes of a tournament. It wiped out the mark hung up in the Texas open by Sam Byrd in 1945 by three strokes.

The dramatic finish of the tournament came as lightning flashed rain pelted the gallery of 8,000 and hail fell on the eighteenth green. Snead came to the last hole with nine under par and a chance to tie the competitive course record of 62 set by Demaret in 1947. But he drove onto the edge of the Green 40 feet from the pin and three-putted.

"Why'd you miss that 21-foot put Sam?" Asked a sports writer. "It was a-rainin', the hail was a-fallin' and the people were a-runnin' and a-screamin' and I just couldn't concentrate," Snead replied.

Snead became the second man ever to win the Texas open twice. The first was Bill Melhorn in 1928 and 1929.

Sam won the tournament with rounds of 71-68, taking down \$2,000 first money and his total earnings for the year to \$7,558. Demaret won \$1,400 and stayed in second place in money winning with \$4,582. Haas drew \$1,000 and vaulted from fifth to third in the cash column. Fred now has pocketed \$3,420.

## CHICAGO LIVESTOCK MARKET REPORT

Chicago, Feb. 13.—Hogs today moved to a new high price since last October and lambs matched their best since last June. Livestock receipts were somewhat reduced by weather conditions, giving a steady to mostly 25 cents higher market to hogs, steady to 50 cents higher on cattle, and strong to 25 cents up on sheep. Vealers, however, were steady to \$1.00 lower.

Most butcher weight hogs sold from \$15.25 to \$18.15, the top going to \$18.25, while sows made \$13.25 to \$15.50. Clearance was good. Good to choice steers ranged from \$32.00 to \$35.00 and medium and good kinds and yearlings were \$22.50 to \$31.00. Medium and good heifers merited \$22.50 to \$26.50, while beef cows and bulls topped at \$20.00 and sausage bulls at \$22.00. Vealers ranged downward from \$32.00. Woolled lambs offered at \$26.75 fall-born offerings at \$25.50, and ewes at \$14.00. Estimated receipts on sale included 10,000 hogs, 13,000 cattle, 600 calves and 3,500 sheep.

## Kiner Craves To Break Ruth's Home Run Record

Pittsburgh, Feb. 13.—P.—Ralph Kiner wants with all his heart to break Babe Ruth's home run record this year but he's not talking much about it.

He's afraid he'll jinx himself. This is the story intimates set from the 27-year-old Pittsburgh Pirate slugger.

Ralph slammed out 54 home runs last year—just six short of the Babe's record. His only comment for publication is: "I hope to break the record and I'd like to. I've certainly been trying but it's a little tough."

"I hope to have a good year. If I tried to set a goal, it would be the worst thing I could do. I just go on from day to day. If I said I would break the record, I'd just be jinxing myself."

Ralph was honored last night as Pittsburgh's most outstanding athlete of 1949.

He was guest at the annual dinner of the Dapper Dan club, a sports-minded civic organization. He won the same honor in 1947.

The Dapper Dan's citation said Kiner's "booming bat thundered for 54 home runs (in 1949) and brought his four year total to 168."

The citation added: "The Bucco's big bow looms as a future successor to the immortal Babe Ruth and quite a number of experts are predicting Ralph will break the great Bambino's record of 60 homers in one season before he is through."

Kiner recently signed a two-year contract with the Pirates calling for \$65,000 a season. He revealed: "It took Roy Hamey (Pirate general manager) and me about 10 minutes to agree on my contract. The reason it took that long is what we didn't see eye to eye at the start."

### American League Has 123 Rookies On Club Rosters

Chicago, Feb. 13.—(AP)—The 1950 American League Red Book issued to baseball writers today lists 123 rookies among the 294 players on rosters of the eight clubs.

The annual statistical record guide, issued for private use by the American League Service Bureau shows that St. Louis will have the largest rookie group, Chicago and Cleveland at 17 each, with 17. All other clubs have 14 apiece, with the exception of Washington, with 13.

Pitchers dominate the freshman crop. There are 36 of them, 10 including among Boston's giant-sized hurling staff of 21. Nine are catchers, 33 are infielders and 25 are outfielders.

Among the outstanding rookie prospects are: Washington—Outfielder Irv Noren, up from Hollywood with a .330 batting average.

Boston—Tom Wright, who notched 368 for Louisville to take the 1949 American Association hitting crown.

Cleveland—Herb Conners, Texas League batting king with .355 for Oklahoma City; Luke Easter, a .363 slugger from San Diego. Both first base candidates.

Chicago—Al Carrasquillo, 315 for Fort Worth. He is after Luke Appling's shortstop job.

## Winchester VFW Reaches Finals In Y Tournament

Quarter final games of the YMCA League tournament were played at the David Prince gymnasium last night. The White Hall Giants lived up to their names in edging the Winchester Hotshots in the opening game, 47-41. The favored Winchester VFW came through in the second tilt, tamping the Chapin Blackhaws, 59-47. Final game of the evening found White Hall coming back to rout Farmer's Auto Sales, 52-33.

Jim Bandy led his White Hall Giants to two victories with 14 points in each of their games. Tommy Comerford and Reggie Hankins teamed up to the "Vets" with 13 points each in their victory over Chapin.

The next games of the tournament will be played Wednesday evening. A preliminary game, to be announced later, will open hostilities with the Chapin Blackhaws meeting White Hall at 8:00 p.m. to determine the opponent for the finalists, Winchester VFW.

## Holy Cross Still Tops AP Collegiate Poll But Bradley Edges Up

New York, Feb. 13.—(AP)—Although it finds the going tougher each week, unbeaten Holy Cross continued to reign as the nation's top basketball team in the Associated Press poll today.

Victorious in all 30 games, the Crusaders had all to do to come out ahead of Bradley University (21-3), losing out the Peoria Braves by 37 points to remain on top for the fifth straight week.

Holy Cross drew 56 first place votes from the 140 ballots cast by sports writers and broadcasters throughout the nation to only 16 for Bradley.

The latter, however, commanded enough second, third and fourth and fifth place votes to give the all-conquering Worcester, Mass., five quite a scare. The point total read Holy Cross 988 to Bradley's 949.

Ohio State (15-3) Big Ten leader, continued to make progress, advancing to third place, the highest position the Buckeyes have attained this season. They attracted eight first place votes to wind up with 754 votes. That was enough to beat out St. John's (20-2) of Brooklyn.

The Redmen also drew eight first place votes but received only 631 points to finish fourth.

Kentucky (17-4) climbed from seventh to fifth with 485 points while Long Island University (17-2) retained its sixth position as Duquesne dropped from third to seventh. The Dukes (18-1) picked up only one first place ballot to six for Kentucky and five for LIU, and finished with 451 points to 458 for the Blackbirds.

North Carolina State (18-4), Western Kentucky (19-4) and UCLA (17-4) rounded out the top ten in that order. The Wolfpack got seven first place votes to five for Western Kentucky and three for the Uclans. They also led in points, 365 to 323 for the Hilltoppers and 322 for the Pacific coast five.

The only newcomer to the big ten was Western Kentucky, eleventh a week ago, the Hilltoppers exchanged places with La Salle.

San Francisco, boasting a 14-5 record, climbed from 14th to 12th on the strength of 18 first place votes from the city of San Francisco and its environs.

Baseball is locking a grip on Jacksonville that the old town has never known before. Henry Sommers, longtime baseball enthusiast, has been notified of an appointment as subscout for the Cleveland Indians.

Walter Laskewski, chief scout for the 1948 world champions with headquarters in Chicago, signed Sommers instructing him to look for boys with size, arms speed and power at the plate.

There was a time, not too far past, when Henry stood alone in his efforts to steer Jacksonville athletes into baseball for a living. Since two local youths signed pro contracts, the fever seems to be catching and lots more boys want in on the game and fortune.

They don't call baseball field "diamonds" for nothing!

Farrel Mitchell, home for two weeks when Western Teachers College was "cooled out," informs that he is going to Baton Rouge, La. for spring training with the Louisville Colonels. See, it's contagious!

## South Jacksonville Grade Teams Win From Meredosias

South Jacksonville grade school basketball teams captured top honors in two out of three contests with Meredosias quintets in the last scheduled performance on the local boards last night.

The South Jacks varsity nipped Meredosias 21-18.

In a double preliminary the South Jacksonville 12 team lost to Dosh 17-14 after the local girls grade team had smothered the Meredosias 26-17.

The varsity game was a FMSC tussle.

McHUGH NAMED PRESIDENT OF IOA

Chicago, Feb. 13.—(AP)—Dr. W. A. McHugh of Oak Park today was elected president of the Illinois Optometric association at its 42nd annual convention.

Other officers named at today's closing session were Dr. H. E. Lang, Highland Park, first vice president; Dr. J. A. Potter, Peoria, second vice president; Dr. Fred B. Williams, Hoopston, third vice president; Dr. Philip Kessler, Chicago, fourth vice president, and Dr. Albert Odey, Oak Park, fifth vice president.

Dr. John Poslusny of Chicago was elected secretary-treasurer.

## Gross, Shouse, Grove Pace Local Offense; Hanley Leads Visitors

Are we happy? That familiar cheer leaders' cry was answered with a thundering yell by Jacksonville basketball fans as the curtain rang down on the Illinois college-Quincy college hardwood contest at ISD last night.

Local onlookers were twice as happy at the cessation of hostilities last night than at any other Blueboy performance. For, in addition to their favored Hilltop athletes rallying in the second half to take command of the ball game and coast in to a 69-62 victory over the Gem City five, Routt's favorite son, Connie Hanley, was the spearhead of the Quincy attack and scored 17 points for the lost cause.

Hanley started and played most of the game for Ray DeGree's Quincy charges. Paul Kennedy, more recent Routt graduate, came to Jacksonville with the team but did not see action.

But more about the victorious Blueboys. Illinois college was staggered by a repeat performance for Jacksonville viewers since they had topped the Hawks at Quincy several weeks ago. After the two clubs felt each other out in the early minutes—much as two heavyweights gauge their opponent's strength in the opening round, the antagonists fell to their work with vigor.

Quincy Goes Ahead  
Paced by Hanley and Don Bickhaus, rangy center, Quincy slipped ahead of the locals 12-11 in the first five minutes and stretched that lead to 17-11 before the Hilltop five caught fire. After a bitter ten minute basket battle, Gross, Grove and Shouse drove the Blueboys into a 26-26 lead. Hanley connected twice while Grove and Gross were long shooting successfully for the locals.

Bill Gross added a pair of tips to give Al Miller a 37-35 half-time lead to talk about.

Paramount in the Jacksonville collegian's 14th win was the rugged rebound work and point making of Bill Gross. The heavily muscled Blueboy grabbed rebounds by the dozens and slipped through 20 points to lead local scoring. Bill Shouse and Bob Grove—who didn't start the game—followed with 17 and 15 each. But the game wasn't won for the Hilltoppers at halftime.

Quincy Gets One-Point Lead  
Quincy came back to go ahead 51-49 after the intermission. 38-37 early after the intermission on Bickhaus' and Honaker's free throw and basket. Shouse made it 39-38 for IC with a long one-hander and Grove added another for a four point margin. Hanley, forever pestering the Miller men with that one-handed flip shot, got another basket and Quincy was within striking distance, 41-40.

Breaking loose with a flashy passing attack, Illinois raced ahead 51-41 in three minutes of torrid action. At the halfway mark in the second half, the locals fronted the Gems 57-43.

Hanley connected twice more before he was sidelined with four fouls. Gross steadily tapped them in and Illinois college was ahead 65-48 at one stage.

Lymenstull paced a mild Quincy rally that brought the visitors up 65-55. Gross added three points and the Blueboys led 68-58. Miller inserted substitutes and Quincy came up 68-60 and then 69-62 when freshman Jim Kinsell added a final charity toss for the Hilltoppers.

## Traffic On State Waterway Drops

Chicago, Feb. 13.—(AP)—Commercial traffic on the Illinois waterway last month was about 40 per cent below January, 1949, the corps of engineers reported today.

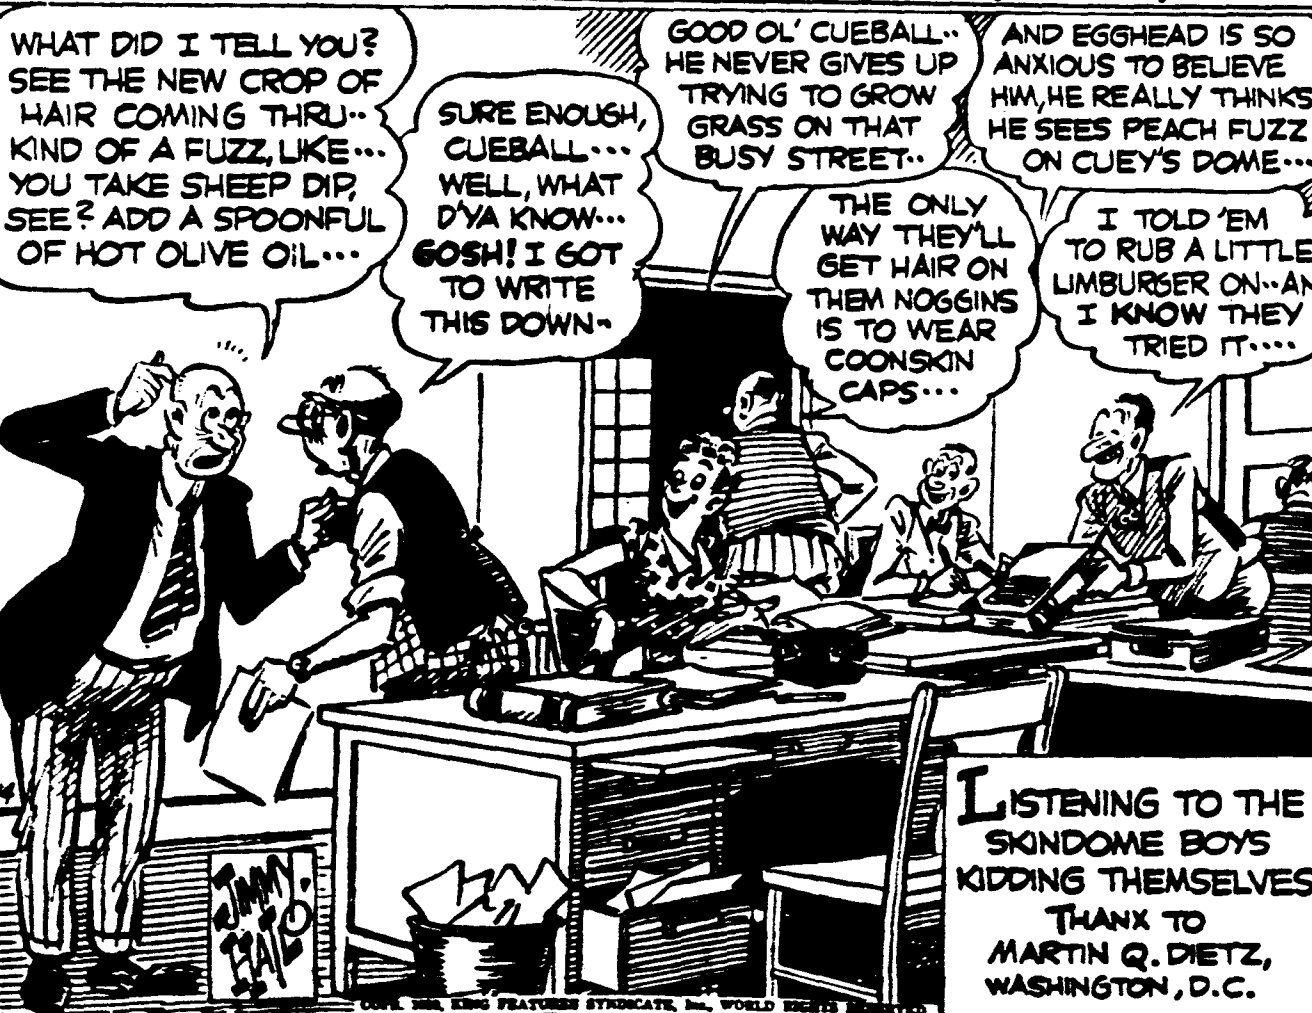

The drop was attributed to closing of the Lockport lock for major repairs for 15 days last month and to the coal strike.

Petroleum products led in shipments, followed by coal and then grain.

Tonnage carried on the seven locks last month: Lockport 350,576, Brandon road 402,682, Dresden Island 406,328, Marseilles 384,101, Starved Rock 366,703, Peoria 444,873 and new La Grange 432,764.

CARNIVAL

**By Dick Turner**

End of a Chapter  
By Edwin Rutt  
Copyright 1950 by NEA SERVICE, INC.

THE STORY: Alice Pine, secretary to writer Muriel Halleck, has suspected Muriel's husband Brent of being cruel to Rick, his four-year-old adopted son. For this Alice cannot forgive Brent, although she feels strangely drawn to him one night on the beach when he takes her in his arms. Muriel, who has been married for years, does not seem to be disturbed by it, although Alice is overcast with guilt. Brent later goes away to take a job as an art director with an advertising agency and Alice is keenly disappointed. The next week-end when he fails to come home, Alice does not like this feeling of hers toward Brent. One afternoon on the golf course she meets Chuck Wisner, Brent's best friend, and Alice begins to question Chuck about Brent.

XIX  
CHUCK WISNER could see that his dismissal of Molly Tremayne's opinion of Brent Halleck didn't quite satisfy Alice, so he continued: "Beyond that, she's the high priestess of the Tolliver stuffed shirt element. And none of that crowd could stand Brent's father."

"You mean old Jordan Halleck?"

"So you even know his name! Molly certainly has been sounding her horn. Yes, old Jordan," Chuck's laughing green eyes danced. "He was the village vagrant before I took over."

"What did he do that was so terrible?"

"Nothing to hurt anybody else really. Just drank and loafed and let his money get away from him. But he was a hot-tempered old boy. He had a few run-ins with some of our more prominent people. And by-and-by the lovely and cultured people of Tolliver decided that the Hallecks rated the brushoff. I'm sorry to say that when I was a kid, my folks didn't want me to play with Brent and Bill."

"Well," Alice's forehead puckered, "maybe Jordan wasn't so good. But why pick on Brent?"

"Search me. Sins of the fathers, I guess. But Jordan had a lot of pride, even if he was a tramp. And Brent takes after him in that respect." His eyes clouded momentarily. "Too much, maybe, for his own good."

"But I heard," Alice said cautiously, "that Brent was treated very well after he came back to Tolliver."

"He didn't think so," said Chuck. "He thought he was being patronized by that gang—Molly's outfit. And he as much as told them to go to the dickens."

A PICTURE of Brent's face, dark, withdrawn, slightly arrogant, rose to her mind. Patronage, real or fancied, was the last thing that Brent Halleck would take lightly.

"Mind if I ask you something now?" Chuck's eyes were disconcerting.

"N-no. Of course not."

"Okay. Why are you so interested in Brent?"

He caught her off guard and in defense she answered quickly. "Naturally. I'm interested. When you live in a man's house—"

"You know what I mean." He spoke as one interrupting poppycock.

"Now, Chuck," she met his gaze levelly, "don't get any wild ideas. It's just that Brent seems so—so dissatisfied."

Chuck hesitated. "Do you know why he went to Providence?" he asked finally.

"Not actually—beyond the fact that he wasn't doing so well here."

"Well," Chuck began, "he... No! I forgot. I can't. Because it's—well, strictly confidential."

Alice had to let it go at that. But it occurred to her as she walked toward the locker room that Chuck Wisner's green eyes, naive and grinning though they seemed, saw entirely too much.

## March Of Dimes Fund Hits 'Best Yet' Total

Morgan county residents generated \$8,511.88, during the annual March of Dimes campaign. This amount far overshoots the previous high mark made in the fight against infantile paralysis. Two years ago the local drive netted a total of \$2,882.

## McCarty, Unit 27 Bandmaster, Plans Summer Concerts

A series of summer concerts by a unit band of the Arenzville, Chapin, Concord and Meredosia community school district No. 27 is being planned by Albert A. McCarty, supervisor of instrumental music. He expects the combined band to have over 100 pieces.

Since the instrumental program was organized Aug. 15, seven groups have been formed with 126 students taking instruction, 102 of whom are in one of the three bands. The Arenzville schools have a 35 piece band; Chapin, 38 pieces, including a brass choir from Concord; and Meredosia a 29 piece organization.

Numerous small ensembles are also functioning, including saxophone octets and quartets, clarinet quintets, and trios and brass octets, sextets, quartets and trios. All are preparing repertoires for the near future.

The dates for the initial concerts of two of the bands have been set. Chapin for May 10 and Arenzville for May 12.

McCarty states that recognition for their work on this program is due the board of education, the school administrators and the parents, as well as to the county superintendents of Morgan and Cass for procuring war surplus instruments.

## 1,585 Customers Eat Pancakes And Sausage

When a tired but happy crew of Jacksonville Kiwanis club members closed the door of Cosgriff's cafe at 9:30 p.m. Monday night to review the happenings of a highly successful Pancake and Sausage Day they found, among other things:

1. That they had had a good time.  
2. That exactly 1,585 men, women and children had come in during the day to eat all they wanted.

3. That although the profits hadn't been tabbed yet, a mighty good amount earmarked for community betterment had been added to the club's treasury.

4. That several Kiwanis clubs are planning to borrow the idea and will put on a Pancake and Sausage Day in their communities.

Thomas E. Cosgriff, who turned his restaurant over to the club for the day, observed last night that more people had eaten there Monday than on any day in the history of the nearly 22 year old establishment.

"The best we ever did on our own," Mr. Cosgriff commented, "was when Mrs. Roosevelt spoke at MacMurray college commencement. We served 1,285 people that day, but it was a long day—from 6 a.m. to 1 a.m."

There were some 50 hungry early birds on hand when the club opened the restaurant at 7:30 a.m. The luck of the first arrivals didn't live up to the proverb. They ate, but complained that the sausage was over-seasoned.

"I think a half-dozen guys made that sausage and all of them put in the pepper," one diner asserted. The club members agreed "there's a little too much fire in it." They sent out for 500 pounds subnormal sausage and began blending. Before long they hit the right combination and the complaint, the only one of the day, vanished entirely.

There was a steady flow of customers throughout the day, with heavy reinforcements for two hours during the noon period and from 4:45 to 8 p.m. in the evening.

Doc Morris of Springfield, Kiwanis Governor of Illinois and Sharon Iowa, came in for a platter of pancakes and sausage, plus several cups of coffee, during the evening. He labelled the Jacksonville club's venture "the best project I have ever seen."

Still later 10 Kiwanians from Virginia came over to dine and to further plans for their own Pancake and Sausage Day next Monday, Feb. 20.

Harold Perbix was the general manager of the day and Sam Pinson was in charge of the waiters. His crew did pretty good at tips, collecting \$92.50 which will go to start a loan fund for Our Saviour's School of Nursing and to purchase badges for the Junior Deputy Sheriff League members. John Larson and Reid Martin were the house managers.

Mrs. Ernest Strickler, Mrs. Grace McGinnis, Mrs. Harold McGinnis, Mrs. Cora McFadden, Mrs. Harry Branner, Mrs. Edna Loughary, Mrs. Thomas Parlier, Mrs. John Ginder. Gifts were sent by those unable to attend, including Mrs. Clara Mason, Mrs. Clyde Ginder, Mrs. Loren Burman, Mrs. Anna Mallcoat, Mrs. Thomas Sorrell, Miss Peggy Erickson, Mrs. Louise Olyrod, Mrs. Cret Haneline, Mrs. Jack Charlesworth, Miss Ruth Peterson, Mrs. Esther Elliott, Mrs. Dora White and Miss Betty White.

## Reports, History Feature Meeting Of Teachers' Club

Reports from the book "Emotional Security" were given by Moje, Segrist, Thelma Daley and Stella Doolin at the meeting of the local Teachers' Reading Circle Friday evening at the home of Mrs. Myron Long. Sixteen members were present.

Long read a report for Mrs. Lanskink, who was unable to be present. Mabel Shanahan gave a brief history of Edison's invention of the phonograph and played some roll type records on the one her father had purchased in 1916.

A contest in making valentines was conducted, and refreshments were served by the hostess and her assistants, Miss Scribner and Mrs. Shanahan.

## George French Of Virginia Expires In Jacksonville

Chandlerville—George French of Virginia passed away Sunday afternoon at a Jacksonville hospital at the age of 73.

He is survived by his wife, Mrs. Daisy French of Virginia; two sons, Orville and Carl of near Virginia; one daughter, Mrs. Elmo French and a brother, William, both of Beardstown.

Funeral services will be held at 2 p.m. Wednesday at the Lintner Funeral Home at Chandlerville. Rev. William H. Jones of Greenville will officiate, and burial will be made in Walnut Ridge cemetery at Virginia.

An old baby buggy can be converted into a back-saving laundry cart.

Thomas E. Cosgriff, who turned his restaurant over to the club for the day, observed last night that more people had eaten there Monday than on any day in the history of the nearly 22 year old establishment.

"The best we ever did on our own," Mr. Cosgriff commented, "was when Mrs. Roosevelt spoke at MacMurray college commencement. We served 1,285 people that day, but it was a long day—from 6 a.m. to 1 a.m."

There were some 50 hungry early birds on hand when the club opened the restaurant at 7:30 a.m. The luck of the first arrivals didn't live up to the proverb. They ate, but complained that the sausage was over-seasoned.

"I think a half-dozen guys made that sausage and all of them put in the pepper," one diner asserted. The club members agreed "there's a little too much fire in it." They sent out for 500 pounds subnormal sausage and began blending. Before long they hit the right combination and the complaint, the only one of the day, vanished entirely.

There was a steady flow of customers throughout the day, with heavy reinforcements for two hours during the noon period and from 4:45 to 8 p.m. in the evening.

Doc Morris of Springfield, Kiwanis Governor of Illinois and Sharon Iowa, came in for a platter of pancakes and sausage, plus several cups of coffee, during the evening. He labelled the Jacksonville club's venture "the best project I have ever seen."

Still later 10 Kiwanians from Virginia came over to dine and to further plans for their own Pancake and Sausage Day next Monday, Feb. 20.

Harold Perbix was the general manager of the day and Sam Pinson was in charge of the waiters. His crew did pretty good at tips, collecting \$92.50 which will go to start a loan fund for Our Saviour's School of Nursing and to purchase badges for the Junior Deputy Sheriff League members. John Larson and Reid Martin were the house managers.
